

Retail Domain Task Force Charter

June 9, 2017

Mission

To increase the benefits and reduce the costs, risks and timescales of using Information Technology within the retail sector by:

- Developing and promoting standardised retail business models and practices that foster a shared understanding of retail business principles, terminology and data between retailers and their suppliers.
- Establishing technical standards, specifications and best practices that enable communication of business data within retail enterprises, and between retail enterprises and their suppliers.
- Creating standards for the integration of IT applications and devices into retail business systems.
- Communicating the requirements of the retail industry to IT suppliers & users, both inside and outside OMG.

Chair(s)

- Bart McGlothin, Cisco
- John Glaubitz, Vertex Inc.
- Leonid Rubakhin, Aptos, Inc.
